

2010 Olympic Short Track Speed Skating Pool

Using the current World Cup Standings, I have compiled the most probable list of skaters that will make it to the Olympic finals. This is solely for fun and to make things more interesting while watching the Olympics.

This is how it will work. Choose the top four (4) skaters for each distance and the place you think they will end up in. 1- First, 2 – Second, 3 – Third, and 4 – Fourth. Get 1 point for each skater you choose that makes it into the final and 5 points more for every correct finish. If you correctly pick a skater to medal (Top 3) who is not ranked in the top 5 for that distance, get an extra 3 points. (Example: If you correctly picked **JEAN Olivier** to win a bronze in the Mens 1500m, you get 1 point for making the Final, 5 points for the correct finish, and 3 points because he wasn't ranked in the top 5 for the Men's 1500m, for a total of 9 points for him alone.)
